

APPROACH SIGNS

Servicing the
Roading Industry
Nationwide

WELCOME TO APPROACH SIGNS

The friendly team at Approach Signs are here to help you with your enquiries and can offer sound advice when it comes to getting it right the first time.

Approach Signs supplies the roading and construction industry with a wide range of signage and other roading related products. We manufacture safety signs and other roading related products. We manufacture safety signs in a custom built climate controlled factory in Paraparaumu. We also stock and supply a large variety of traffic control safety equipment at very competitive prices. Our company is ISO 9001 and ISO 14001 certified and is a long standing member of the Road Safety Manufacturers Association.

We offer a full service from design to manufacture and can organise installation if required. We know that you value quality, service and price when it comes to choosing your supplier and we strive to exceed your expectations. We look forward to working with you.

MAKING YOUR ORDER

Follow these quick and easy steps to order your signage needs!

IMAGES, COLOUR & MESSAGE

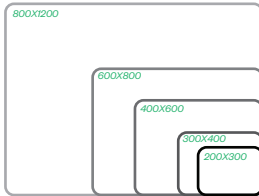

Think about the message you want to convey and how best to represent it visually. E-mail us your print-ready logo or artwork you want displayed.

1

2

SIZE & SHAPE

Choose a size and shape that suits the sign's purpose & location, refer to distance viewing guide and our standard sizing options.

MATERIAL FOR YOUR NEEDS

Make sure to pick a material that will best suit your signs environment. See material examples below.

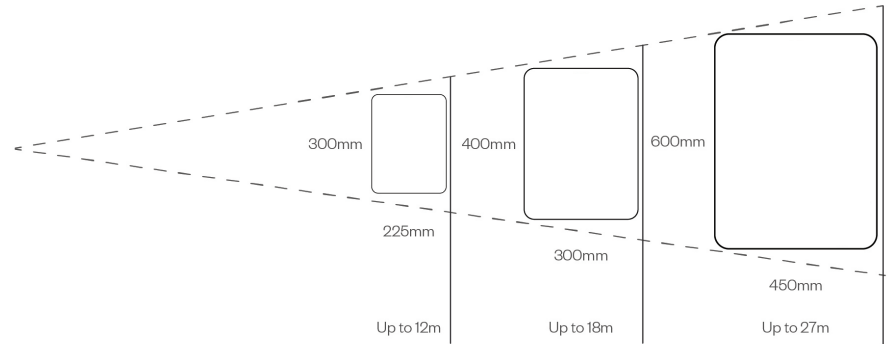

3

SIZE EXAMPLES

- 200 x 300 mm (A4)

CUSTOM SIGNS

We can customise any signs seen in this catalogue, if you've got something specific in mind, please contact us- sales@approachsigns.co.nz

Requested signs can be made in any size, orientation, and with any custom pictogram to suit your needs. Logos and branding can be incorporated into any sign. More custom sign options are available beyond those shown. Send us a sketch and we'll redesign it.

BRAND VISIBILITY

Enhance your brand visibility with signs featuring your logo, brand colors, and imagery. Creating a recognisable identity that builds trust and loyalty both in the workplace and beyond.

TARGETED

Custom signs allow you to create specific, targeted messages that are clear and tailored to your site's unique needs.

SITE SAFE

Our design team can bring your vision to life while leveraging their expertise in sign regulations to ensure your site remains safe.

WE MAKE IT EASY

At Approach Signs, we're committed to making your experience as seamless as possible. That's why we've introduced an innovative solution: QR codes under select signs. These codes will direct you to a simple ordering form on our website. Just fill it out and place your order. Additionally, we'll be adding these QR codes to some of our physical signs to make re-ordering even easier!

SCAN

Scan the QR code from our catalogue or sign to be redirected to our website's ordering forms. Alternatively, you can find it under the *RESOURCES* tab on our website.

FILL

Choose the correct order form. Fill in your details and let us know what you're after.

ORDER

Click *SUBMIT* to email the completed form, or download the form and email it to us. Our friendly sales team will handle it from there!

SIGNAGE IN THE WORKPLACE
